Albany Website Cookies

Like most websites, we use "cookies" to help us make our site, and the way you use it, better.

Cookies mean that a website will remember you. They're small text files a website transfers to your computer. They make interacting with a website faster and easier.

You can find more general detail on cookies **here**.

We use Google Analytics to analyze the use of our website by generating statistical and other information.

Details captured during your visit to our websites will include, but are not limited to, traffic data, location data, weblogs and other communication data and the resources you access.

Google stores and processes this information. You can view Google's privacy notice **here**.

To opt out of being tracked by Google Analytics across all websites visit their website **here**.

Details of the cookies used by our website follow.

WIX		
Cookie name	**Life span**	**Purpose**
svSession	Permanent	Creates activities and BI
hs	Session	Security
incap_ses_${Proxy-ID}_${Site-ID}	Session	Security
incap_visid_${Proxy-ID}_${Site-ID}	Session	Security
nlbi_{ID}	Persistent cookie	Security
XSRF-TOKEN	Persistent cookie	Security
smSession	Two weeks	Identify logged in site members

Google Analytics		
Cookie name	**Life span**	**Purpose**
__utma	Persistent cookie	Unique visitor ID
__utmb	30 minutes	Pageview counter
__utmc	Session	Visit end indicator
__utmz	6 months	Traffic Source
__utmv	2 years	User defined Variable

All of the cookie information is sent to Google Analytics via the __utm.gif request that it makes with each pageview. When Google Analytics processes data, it relies on this cookie information (among other pieces of data in the query string) to populate its reports.
